

BORGHOLM

The Borgholm model has been inspired by the older settlements of the Reihendorfs on Öland and the appealing shapes of the landscape. A tiled stove with a crown that has clean, classic lines.

To us, the tiled stove is so much more than just a fireplace and heat source. It is a magnificent piece of furniture that will create comfort in your home, spreading pleasant warmth and light from the flaming fire for generations to come. A Gabriel tiled stove is timelessly beautiful yet manages to meet all contemporary requirements for efficiency and function.
