

## TILLINGE

Tillinge is named after the place where Gabriel Keramik started production in the mid-19th century.

To us, the tiled stove is so much more than just a fireplace and heat source. It is a magnificent piece of furniture that will create comfort in your home for generations to come, spreading pleasant warmth and light from the flaming fire. A Gabriel tiled stove is timelessly beautiful yet manages to meet all contemporary requirements for efficiency and function.

### Technical data

Article no. G360

CE marking: EN 15250

Height: 2310 mm (customised to your needs)
